TO WHOM IT MAY CONCERN:

I am writing this letter in regard to my appreciation for the Mental Health Waiver Program that my sister, Sherrie Mergenthaler, of Missoula, Montana has been able to receive for the past several years.

Sherrie has been on SSI for at least 25 years and was living by herself for most of that time. Her health gradually began to deteriorate to the point that she was no longer able to take proper care of herself. At that time she was living in Helena and because I lived in Havre and my brother in Missoula, it was very difficult for us to care for her even tho we both tried taking her into our homes.

We then were able to secure a Mental Health Waiver for her which made it possible for her to be in an Assisted Care Facility in Missoula, close to my brother. Sherrie has benefitted immensely from this program and we thank you very much for providing it.

Sincerely,

Donna Shulund
